Silent Knight®, the Nation's #1 Pill Crushing System

The easy to use Silent Knight tablet crusher-pouch system is your assurance that tablets will be smoothly and quietly crushed, day or night, without disturbing patients. And backed by a lifetime warranty, the Silent Knight will be the only pill crushing system you will ever need.

Hydra~Aid™ Gel Thickener Promotes Hydration

Hydra~Aid is available in both nectar and honey-like consistency. This unique gel thickener has provided a positive acceptance in the healthcare industry. Your patients will prefer using Hydra~Aid because it does not affect the flavor of their beverage.... best of all, absolutely no clumping!

Lantiseptic® Skin Care Products, Wound Care Treatment of Choice

With 50% lanolin in Skin Protectant and 37% in Therapeutic Cream, this unique line of skin care products has been successfully used on the toughest skin problems since 1906.

Provide™ Liquid Protein - Easily Digestible & Absorbed by the Body

Provide Liquid Protein offers two options for your patients - **Regular** (100 calories) and **Sugar Free** (60 calories). A complete amino acid supplement with a mild enzyme blend, it is easily digestible and offers a smooth cherry taste and texture.

Microdot® Blood Glucose Monitoring System

A blood glucose testing system designed to meet the unique needs of residents and staff in long-term care facilities. Requires only 0.6uL sample, does not require a code chip and is not affected by over 22 interfering substances. **Fast. Accurate. Easy to Use.**
